

A LITTLE PAPER FROM THE VILLAGE

A Postcard from Alder House

The first paper keepsake from Amberfell begins at the deep-green door. Print the postcard, write from wherever you are and send a small piece of the village to someone who would understand the pleasure of real post.

How to print

At home: print pages 4 and 5 double-sided on A4 at 100% or Actual Size, flip on the long edge, then cut on the crop marks. Use uncoated 200-300 gsm card if your printer accepts it.

Professionally: supply pages 2 and 3 as the A6 front and back; request A6 landscape, double-sided, full colour and an uncoated writing-friendly reverse.

Before the full run: print one test sheet and check that front and back align for your printer.
