Your dates, with room for the things you want to enjoy. The month pages include ISO week numbers, a holiday key and optional notes fields.

National public-holiday dates, including Matariki, actual dates and Mondayised dates. Provincial anniversary days and school holidays are not included. An observed day depends on the employee's normal working days.

Holiday data compiled 3 November 2026. No school-holiday coverage. Calendar notes can be selected and copied; fillable monthly fields need a compatible PDF reader. Personal use.
